

Quick guide for users to use Autel chargers

Here are the steps for activating our chargers and use all the functions:

1. Download the App (Android Version) via the QR code link below (if you need the iOS version please send the Apple ID and user's name to us for further authentication):

2. Click the App icon and enter the Autel MaxiCharge App.

3. Register an Autel Account bounding your phone.

4. Bind Home Charger with your Account.

Just use the S/N and PIN code given on the quick guide inside the package.

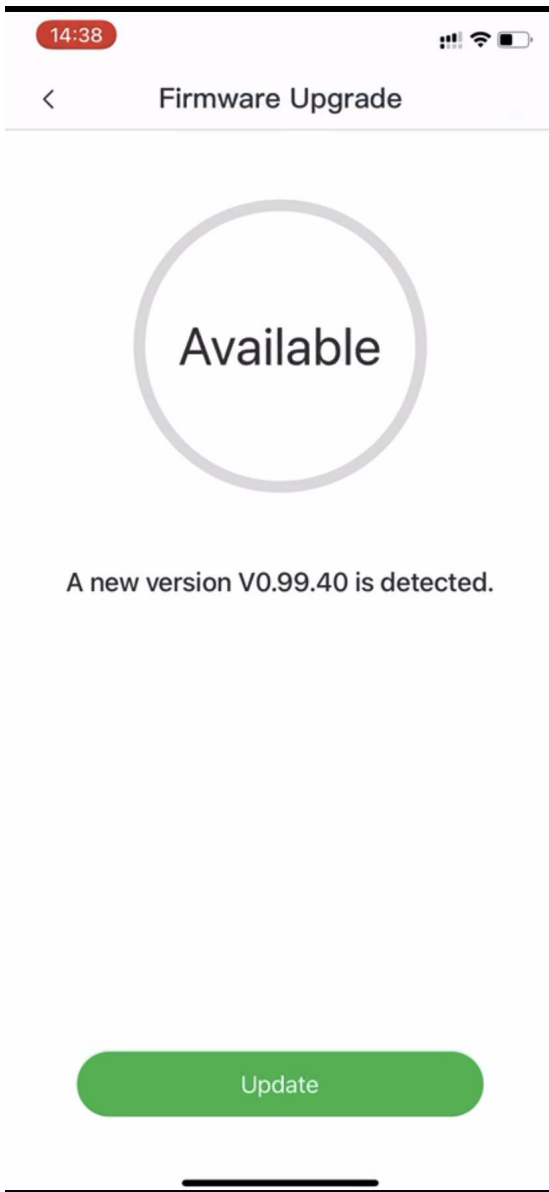

5. Connect with the charger by bluetooth.

6. Update the firmware.

7. Plug the charging gun into the EV.

8. Press start button on the App to start the charging process.
